Education

University of Missouri;
Projected graduation date: May 2017

Missouri School of Journalism: Bachelor of Journalism
Bachelor of Arts: Spanish

GPA: 3.553

Experience

Global Journalist Assistant Producer (January 2016 - March 2016)

Worked in a team of five to produce a radio and YouTube show every three weeks. This required creating a research packet to inform our anchor of the topic, find and pre-interview guests for the show

Wrote news reports on a press freedom issue that was published on globaljournalist.org

Interviewed an exiled Mexican reporter in Spanish and wrote an article that was published as well

Vox Magazine Convergence Editor (March 2016 - May 2016)

Created video content to compliment print stories

Created original video content to be published on voxmagazine.com

Columbia Missourian Graphics Editor (August 2016 - December 2017)

Created graphics for accompanying stories in the Columbia Missourian

Graphics include timelines, charts, maps and diagrams

Columbia Missourian Audience Development Team (August 2016-2017)

Worked with a team in order to improve the social media presence of the Columbia Missourian

Provided tactics and content, such as Twitter posting procedures and promotional Facebook videos

General Reporting Experience

Experience with video and photography using a Nikon DSLR

Worked in teams of three to create original multimedia new story packages which included videos, photographs, infographics and text pieces.

Employments

Peer Advisor at College Avenue Residence Hall (August 2014 - May 2016)

Was in charge of the Media for the Future FIG, a credit hour class Fall Semester 2014 and 2015. This included creating a syllabus and 16 distinct lesson plans each year.

Created multiple academic and social events and helped set up future Community Plans.

Strong public speaking skills gained from teaching the class.

MU Libraries Social Media Intern (August 2016 - May 2017)

Curated content for MU Libraries' various social media accounts including Twitter, Instagram and Facebook.

Content included promotional posts as well as original projects.

Scheduled content for social media content using the app Buffer.
